**B. Financial Standing:** The tenderers will be qualified only if they have minimum financial capabilities as below:

- (i) **T1 – Liquidity:** It is necessary that the firm can withstand cash flow that the contract will require until payments received from the Employer. Liquidity therefore becomes an important consideration.

This shall be seen from the balance sheets and/or from the banking reference. Net current assets and/or documents including banking reference, should show that the applicant has access to or has available liquid assets, lines of credit and other financial means to meet cash flow of **Rs. 7.14 Crores** for this contract, net of applicant's commitments for other Contracts. Banking reference should contain in clear terms the amount that bank will be in a position to lend for this work to the applicant/member of the Joint Venture/Consortium. In case the Net Current Assets (as

seen from the Balance Sheets) are negative, only the Banking references will be considered. Otherwise the aggregate of the Net Current Assets and submitted Banking references will be considered for working out the Liquidity.

The banking reference should be from a Scheduled Bank in India or (in case of foreign parties) from an international bank of repute acceptable to DMRC **as per standard performa provided in ITT as Annexure-12** and it should not be more than 3 months old as on date of submission of bids.

In Case of JV- Requirement of liquidity is to be distributed between members as per their percentage participation and every member should satisfy the minimum requirement.

Example: Let member-1 has percentage participation=M and member-2 has percentage participation=N. If minimum liquidity required is 'W' then liquidity of

member-1  $\geq \frac{W \cdot M}{100}$  and

liquidity of member-2  $\geq \frac{W \cdot N}{100}$ .

**(ii) T2- Profitability:**

Profit before Tax should be **Positive in at least 2 (two) years**, out of the last five audited financial years.

**In Case of JV/JVA** - The profitability of only lead member shall be evaluated.

**(iii) T3- Net Worth:** Net Worth of tenderer during last audited financial year should be  **$\geq$ Rs. 10.00** Crores

**In Case of JV/JVA**, the algebraic sum total of Net Worth of all the members as per the latest audited balance sheets shall be considered the Net Worth of the tenderer.

Example: Let Member-1 has percentage participation = M and Member - 2 has =N. Let the Net worth of Member-1 is 'A' and that of Member-2 is 'B', then the Net worth of JV will be

$$= \frac{(AM+BN)}{100}$$

**(iv) T4 - Annual Turnover:**

The average annual turnover of the last five financial years should be  **$\geq$  INR 40 Cr**

**In Case of JV/JVA** – The average annual turnover of JV will be based on percentage participation of each member.

Example: Let Member-1 has percentage participation = M and Member- 2 has =N. Let the average annual turnover of Member-1 is 'A' and that of Member-2 is 'B', then the average annual turnover of JV will be

$$= \frac{(AM+BN)}{100}$$

**Notes:**

- Financial data for latest last five audited financial years has to be submitted by the tenderer in **Appendix-13** of FOT along with audited balance sheets. The financial data in the prescribed format shall be certified by Chartered Accountant with his stamp bearing his membership number and signature. In case audited balance sheet of the last financial year is not made available by the bidder, he has to submit an affidavit certifying that 'the balance sheet has actually not been audited so far'. In such a case the financial data of previous '4' audited financial years will be taken into consideration for evaluation. If audited balance sheet of any other year than the last year is not submitted, the tender will be considered as non-responsive.
- Where a work is undertaken by a group, only that portion of the contract which is undertaken by the concerned applicant/member should be indicated and the remaining done by the other members of the group be excluded. This is to be substantiated with documentary evidence.

**1.1.4.3 Bid Capacity Criteria :**

**Bid Capacity:** The tenderers will be qualified only if their available bid capacity is more than the approximate cost of work as per NIT. Available Bid capacity will be calculated based on the following formula:

$$\text{Bid Capacity} = 2 \cdot A \cdot N - B$$

Where,

A = Maximum of the value of works executed in any one year during the last five financial years (updated to tender **30.06.2015** price level assuming 5% inflation for Indian Rupees every year and 2% for foreign currency portions per year).

N = No. of years prescribed for completion of the work

B = Value of existing commitments (**as on 30.06.2015**) for on-going works during period of **24 months w.e.f. 01.07.2015**.

**Notes:**

- Financial data for latest last five financial years has to be submitted by the tenderer in **Appendix -14 of FOT** along with audited financial statements. The financial data in the prescribed format shall be certified by the Chartered Accountant with his stamp and signature in original.
- Value of existing commitments for on-going construction works during period of **24 months w.e.f 01.07.2015** has to be submitted by the tenderer in **Appendix -15 of FOT**. These data shall be certified by the Chartered Accountant with his stamp and signature.

- In the case of a group, the above formula will be applied to each member to the extent of his proposed participation in the execution of the work. If the proposed % is not provided, equal participation will be assumed.

**Example for calculation of bid capacity in case of JV / Group**

Suppose there are 'P' and 'Q' members of the JV / group with their participation in the JV / group as 70% and 30% respectively and available bid capacity of these members as per above formula individually works out 'X' and 'Y' respectively, then Bid Capacity of JV / group shall be as under:

$$\text{Bid Capacity of the JV / group} = 0.7X + 0.3Y$$

**1.1.4.4** The tender submission of tenderers, who do not qualify the minimum eligibility criteria & bid capacity criteria stipulated in the clauses 1.1.4.2 to 1.1.4.3 above, shall not be considered for further evaluation and therefore rejected. The mere fact that the tenderer is qualified as mentioned in sub clause 1.1.4.2 to 1.1.4.3 shall not imply that his bid shall automatically be accepted. The same should contain all technical data as required for consideration of tender prescribed in the ITT.

**1.1.4.5 Minimum Key Staff requirement – shall be as per Appendix -16 of FOT**

**Please submit the CV of above Key Personals as per Appendix -17 of FOT.**
