

Contract CE-17: "Design, Detail Engineering, Supply, Installation, Testing and Commissioning of Ventilation and E&M Works for basement parking at Dhaula Kuan metro station of Airport Express Line of DMRC".

Contract CE-17: Reply to Pre-bid Queries

S. No.	Tender Reference	Item	Query	DMRC Reply
1	Page 14 of 27 1.0 SCC	Defect liability period	Kindly relook in to the DLP penalty of Rs. 10000/- per day	Please follow tender conditions.
2		Inputs from Client for designing system	Many inputs will be required from DMRC some of them are shared with tender also but some more inputs like as built system drawings and details, electrical drawings and other necessary inputs will be required as work progresses.	Will be provided after award of work.
3		BMS compatibility with existing system	As per tender contractor may need to integrate new installed system with existing system we may need authorisation from existing BMS system integrator, We request DMRC to arrange the same if required.	DMRC will coordinate with the tenderer.
4		BOQ Appendix – A Part-2 Preferred list of makes	As for some items only single make is mentioned, we want to request you to kindly look into it.	Tenderer may propose any new vendor which will be reviewed as per vendor and technical approval procedure after award of work.
5		Terms of payments	We request you to kindly approve at least 10% Advance along with order other terms may remain same as per tender.	Please follow tender conditions.
6	Query raised through mail/during pre-bid meeting	Cost of tender documents and tender security	As per MSME ACT 2012, Small Scale Industries (SSIs) are exempted for paying tender fee and EMD. Since we are SSI unit and specialized firm in ventilation work so can we participated in the ENCLOSED tender nit without paying EMD and Tender fee?	In DMRC, tender fee/tender security is exempted for small scale industries in stores contract. The exemption is not applicable for works contracts.
